

Smoke Detector Replacement

Alicante condo units typically have several smoke detectors, in various rooms.

The smoke detector model originally installed in Alicante condos has been discontinued. However, the manufacturer, USI Electric, has a replacement model. At the time this bulletin was written, the price was ~ \$20/each:

**USI Electric Hardwired Ionization
Smoke and
Fire Alarm with Battery Backup
(5304)**

The replacement smoke detector is available from various home improvement stores. This replacement smoke detector uses the same installation back-plate and wiring connector as the original smoke detector. This should ease replacement.

If you need assistance replacing a smoke detector, you may want to choose one of the following:

- Sommer Electric 760-315-2226
- Service Electric 760-291-1302
