

San Diego is a Desert by the Sea Every Drop of Water Matters!

Throughout the day, there are ways to save water...

- **Bathing**
- **Dishwashing**
- **Clothes washing**
- **Repairing leaks**

Some reminders to help us all save water:

In The Bathroom

- Showers of 5 minutes or less using a low-flow showerhead save 75 gallons per week per person
- Turning the water off while lathering-up in the shower saves 75 gallons per week per person
- Flushing the toilet only when necessary saves 150 gallons per week

In The Kitchen

- Running a dishwasher only when full saves 30 gallons per week
- Scraping food scraps off dishes into the garbage instead of rinsing saves 60 gallons a week

Around the House

- Repairing all leaky faucets, fixtures or toilets saves 150 gallons a week per leak
- Running a clothes washer only when full saves 100 gallons per week
