

## Keep Your Sink Drains *Swirling* Down!

- Avoid commercial drain cleaners – the strong chemicals will erode Alicante’s pipes
- Use environmentally friendly products (e.g.; Unique Super Digest-It) to clear clogs, or preventatively to preclude slow drains

# Alicante

classic, comfortable, modern  
in Bankers Hill

High-rise plumbing systems are unique. To keep your drains open, there are environmentally friendly products to use preventively that may be purchased on-line or at hardware stores (e.g.; Unique Super Digest-It).

**DO NOT USE** commercial drain cleaners to clear clogged drains. The strong chemicals erode copper pipes, and will cause future leaks and expensive repairs.

If you experience a slow-draining sink/clog contact an experienced high-rise plumber to clear/snake your drain. We recommend using qualified plumbers familiar with the plumbing systems at Alicante. You may want to use one of the following:

- Be Blue Planet Drains & Plumbing: (619) 863-9593 or [plumbersinsandiego.com](http://plumbersinsandiego.com)
- Pro Tec Building Services: (858) 569-1080 or [www.goprotec.com](http://www.goprotec.com)
